Professional Summary

Results-driven Digital Marketing Specialist and Virtual Assistant with 4+ years of experience supporting small businesses, entrepreneurs, and agencies in digital marketing, website management, and day-to-day operations. Skilled in Google Ads campaign management, SEO, keyword research, content strategy, social media management, WordPress, and performance reporting, with experience using data-driven insights to improve online visibility, campaign efficiency, and lead generation.

Combines digital marketing expertise with strong administrative and operational skills, including email and calendar management, CRM updates, client communication, research, and workflow coordination. Also brings hands-on content creation experience, including short-form video editing and website publishing. Recognized for attention to detail, proactive communication, adaptability, and reliable delivery of high-quality work within deadlines.

Londes Digital Marketing

Digital Marketing Assistant · Contract

Engaged on a contracted basis to provide digital marketing support across local SEO, business directory management, customer service, order processing, and social media operations.

- Created and updated business directory listings and online profiles using approved client information to support local SEO and improve online visibility.
- Assisted with social media account setup and management, helping establish and maintain an online presence across relevant platforms.
- Coordinated order processing by assigning orders to vendors, uploading production photos, communicating customer revisions and approvals, and updating shipping information.
- Supported customer service by drafting email responses, responding to customer inquiries and sales quote requests, and creating AI-generated product mockups using customer photos and specifications.
- Maintained accurate order records, tracked order statuses, and assisted with basic financial reporting to support order management and fulfillment.

- Supported social media content creation and scheduling, customer interactions, and email marketing activities to maintain consistent customer communication and engagement.

02/2024 – 02/2026
Frisco, Texas

Fluid Drive Media
Media Manager
Supported digital marketing and media operations across paid advertising, social media, SEO, website management, and strategic planning to strengthen online visibility and support business objectives.

- Assisted with the setup, monitoring, and optimization of Google Ads campaigns, including keyword research, ad copy alignment, audience targeting, and performance tracking to support lead generation and campaign efficiency.
- Managed Google Business Profiles across 19 locations, updating business information, maintaining accurate listings, monitoring profile performance, and preparing reports to track visibility and engagement.
- Managed social media content planning and scheduling, maintained brand consistency across platforms, and monitored engagement to improve online visibility and audience interaction.
- Managed WordPress website content and updates, optimized meta titles, meta descriptions, and on-page SEO elements, and addressed SEO issues to improve search visibility and organic ranking potential.
- Conducted research into relevant topics, audience needs, competitors, and marketing opportunities to inform content planning and develop strategies aligned with business objectives.
- Researched, wrote, and optimized SEO-focused blog content using keyword integration, on-page SEO techniques, and structured formatting to support organic search performance.
- Analyzed campaign data and engagement metrics, prepared performance reports, and identified insights to inform marketing improvements and strategic decisions.
- Developed and documented standard operating procedures (SOPs) to streamline recurring tasks, improve workflow consistency, and support efficient marketing and operational processes.
- Coordinated with media representatives and vendors to research advertising placements, confirm billboard availability and airtime schedules, and support the execution of media campaigns.

10/2020 – Present

Freelance
Digital Marketing Specialist & Virtual Assistant
Providing comprehensive administrative, digital, and website support to entrepreneurs and small businesses.

- WordPress website management, content publishing, and on-page SEO optimization including meta titles, descriptions, headers, internal linking, and page structure to improve search visibility and user experience.
- Supported web development and site maintenance: creating and updating pages, adjusting layouts using WordPress page builders, ensuring mobile responsiveness, managing plugins, and keeping website content accurate and up to date.
- Assisted with SEO audits, keyword implementation, blog content management, and website organization to align sites with business goals.
- Provided administrative and operational assistance including email and calendar management, data entry, CRM updates, research, client communication, customer support, lead follow-ups, and content scheduling.
- Supported social media management, Google Ads assistance, analytics tracking, reporting, and digital workflow organization.

12/2023 – 12/2023

Unilever
Laborer
Completed a short-term production support contract, assisting with operational and labor tasks within a structured, fast-paced manufacturing environment. Supported daily production activities, adhered to safety and quality standards, and worked collaboratively with team members to meet time-sensitive targets.

This role demonstrated reliability, adaptability, and the ability to quickly integrate into established workflows skills that translate directly into my professional approach to administrative and digital support roles.
